**Commissioner for Patents**

The information disclosure statement (IDS) submitted on January 23, 2004 was filed after the first action, and before the re-mailing date of the Notice of Allowance on March 3, 2004.

With respect to the U.S. references cited therein, the submission is in compliance with the provisions of 37 CFR 1.97, although copies of the U.S. do not appear to have been provided. However, since these references are readily available to the Examiner, these references have been considered by the examiner.

With respect to the WO 0049500 publication, the information disclosure statement filed January 23, 2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each U.S. and foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. Since a copy of the publication was not supplied and is not readily available to the Examiner, the WO 0049500 citation has NOT been considered.
